

LINEMAN

OPENING DATE: JULY 8, 2020

CLOSING DATE: JULY 24, 2020

The City of Holly Springs Utility Department is accepting applications to fill the position of Lineman.

JOB TITLE: Lineman

DUTIES:

- Performs journeyman-level work in the construction and maintenance of the electric cable and powerline systems.
- Performs duties in accordance all applicable safety regulations, standards, procedures, and practices.
- Erects, removes, and climbs poles, towers, steel structures, and related structures and equipment.
- Performs work on energized and deenergized circuits using proper protective equipment and hot line tools; strings, sags, and connects conductors of various types.
- Performs installation and maintenance of underground residential distribution facilities involving splicing, terminating, and connecting associated equipment.
- Performs line clearance, as needed.
- Assembles, installs, removes, replaces, and transfer line and riser hardware and electrical equipment that include transformers, cross arms, and switches.
- Unties, ties, and clears energized conductors from poles or cross arms, as required.
- Restores or provides service by performing duties that include fusing disconnects; installing and maintaining streetlights and traffic signals; installing and maintaining relays and private outdoor lights; installing, reading, and removing primary and secondary amp and volt meters; and installing and connecting services.
- Operates aerial equipment and drives various utility vehicles.
- Operates various types of power-driven tools and equipment.
- Performs minor field maintenance, adjustments, and modifications on tools and equipment.
- Lifts and carries heavy tools, equipment, materials, and supplies.
- Drives various utility vehicles.
- Loads, unloads, and operates wire-pulling equipment.
- Locates and repairs overhead and underground electric failures.
- Installs and maintains control wiring on all types of capacitor and potential banks; installs and/or removes breakers for maintenance.
- Reads and interprets maps, sketches, and prints.
- Adheres to safety regulations, standards, procedures, and practices
- Works planned and emergency overtimes on a 24/7 basis, as required.

- Performs other duties as assigned

QUALIFICATIONS: High School Diploma or General Educational Development (GED) and completion of an approved lineman apprenticeship program or equivalent experience and training. Knowledge of construction materials, practices, and techniques. Ability to read and interpret construction plans and specifications. Knowledge of safety requirements, procedures, and practices. Commitment to safety in all aspects of the job. Effective communication (oral and written). Knowledge and use of construction tools and equipment related to construction and maintenance of electric distribution overhead and underground systems. Ability to use maps to find various locations. Ability to plan and carry out multiple assignments. Valid Mississippi driver's license and Class A Commercial Driver's License (CDL).

WORK ENVIRONMENT: The following are representative of environmental conditions in which an employee works while performing the essential functions of this job. The work is performed primarily outside under varying conditions, including time spent at construction sites. Physical stamina to perform strenuous tasks is required. Mobility to and from various work areas and external facilities is required. Physical activities include sitting, walking on varying terrains, bending, crouching, kneeling, reaching, standing, pushing, pulling, stooping, and heavy lifting. Work is performed in close proximity to electrical circuits. The noise level varies when working outside or at external facilities. Effective vision (near and far) and the ability to distinguish colors are required. Talking and hearing are necessary in communicating with others.

Employment applications are available at the Human Resources Department, 1180 Highway 311 North, Holly Springs, MS 38635 and online at www.hollyspringsmsus.com. Please mail applications and resumes to:
